Question 3:

Specify possible motives for each of the four thefts.

Theft happened on 8/28 Friday 8am

Zahra and Riley worked together to steal Ariana's laptop to get back the money Ariana owes riley

Theft happened on 9/3 Thursday 4pm

Stole the laptop for the money Isabel was owed after giving it to luke

| |
|---|
| |
| Theft happened on 10/5 Monday 3pm |
| Tay and sean stole this one while out on a run to make some money |
| Theft happened on 10/9 Friday 10am |
| Tay stole this laptop to help his friend Luke give money back to Isabel |

Question 4:

In the space below, specify any possible connections between the thefts.

Zahra works at the library where the laptop was stolen. Her cousin is Riley and she found out her cousin was owed money. When Zahra found out Ariana was at the library she stole the laptop while Ariana was away to let Riley and her sell it for money.

Tay knew his friend Luke really wanted to pay Isabel back, but couldnt afford it. When leaving his doctor's appointment He saw an unattended laptop at the career center across the street and stole it, to use the money from selling it to pay back.

Tay and Sean went out for a run and were lost during it. They ran down to Starbucks and stole the laptop to make some quick money.

Tay knew about Frank as he was in the same group for the election as luke. Luke still needed money to pay isabel pack so Tay took it upon himself to steal one more time, to make himself some cash and give luke the last money he needed
